creatureKIND is a 501c3 organization dedicated to helping companion animals in need. We do not have a facility or sanctuary, but use our resources to help re-home companion animals in need. In order to do that we require 3 GOOD photos of the animal you need help with, along with a short bio. Please attach photos to the body of your e-mail (jpeg or pdf file only) Video is very helpful if you have any. Please write a few lines describing your dog / cat in a truthful and accurate way that will be appealing to potential adopters, including what kind of home would best suit them (i.e active / lap dog /likes to play with other dogs / good with children etc) We cannot make any guarantees that we will successfully re-home your dog / cat but we will do our very best !

BIO :

As a non-profit organization, we rely on donations to support programs which offer medical and training assistance to companion animals in need. A donation for the re-homing service is not mandatory but greatly appreciated. Thank you for caring enough to ensure that your dog / cat is safely re-homed. You will receive an e-mail response to your enquiry with more information about how the re-homing process works.
